

**Christian Lindberg: “What’s your favorite note to play loud on the bass trombone?”**

**Charlie Vernon: “Low C.  
I can play it for two beats really loud.  
Let’s say a pedal F or pedal D . . .  
you got one beat.  
You don’t write it for a whole note  
with three F’s under it –  
it’s just not gonna happen.”**
